Celebrating All Your Good Work

DG Steve Ivory had a great time at his official visit with the Rotary Club of Senoia, with a pizza social and service project to pack out cans of peaches and spaghetti sauce at Midwest Food Bank Georgia! Club members were joined by students from East Coweta High School!

July is wrapping up and I have visited many clubs already. My club visits have all been fun and inspiring so far and have included officer and president installations, service projects, board meetings and club meetings. I truly look forward to seeing you all soon and seeing the impact your clubs are having in the community.

We are awaiting funds from The Rotary Foundation to distribute for your community grant projects this year and are excited to launch a competitive grant program that can provide up to \$35,000 in additional grants for local projects (up to \$7,000 for any one project) - with grant applications due by September 1.

Special thanks to Chris Brand, our disaster relief chair, for heading to Texas recently to help the communities devastated by the floods. He and his team provided much needed medical equipment to folks in need.

I hope that many of you will attend our Membership Summit on August 16, and that you will join us next

spring at Lake Lanier for our District Conference. Our dates are April 16-19, 2026, and you can find more information on the [District website](#).

Thanks for all you are doing; continue to Unite for Good.

District 6900 & FODAC Deliver Vital Medical Equipment to Texas Flood Survivors

When disaster strikes, Rotary shows up. In late July, **District 6900 Disaster Relief Chair Chris Brand**, who also serves as **President of FODAC (Friends of Disabled Adults and Children)**, led a critical mission to Texas to support communities recovering from devastating floods. In partnership with the American Red Cross and local response teams, Chris and his team delivered 250 pieces of durable medical equipment to aid survivors in urgent need. These included wheelchairs, walkers, shower chairs, and other essential items for individuals with mobility challenges.

“Getting this equipment into the hands of people who lost everything is why we do what we do,” said Brand during the handoff at a Red Cross facility. “We’re proud to partner with Rotary and national relief agencies to make recovery just a little easier for those hit hardest.”

The team on the ground, including Rotary and Red Cross volunteers, was all smiles during the delivery — a moment captured in the image of the memory wall — symbolizing a shared mission of hope and resilience.

The other photos show the impact zone where recovery continues, as well as a touching tribute wall filled with flowers and messages, honoring the lives affected and lost in the flood's aftermath.

District 6900’s continued commitment to disaster response ensures that when help is needed most, Rotary is there — prepared, equipped, and ready to serve.

Editor's Note - the "Rest of the Story" ... Two other points are important to recognize when talking about FODAC ... #1 - the continued support of Rotary clubs throughout the District and the State to collect supplies for FODAC - including Roswell Rotary, Alpharetta Rotary, Big Canoe, Dawson, and many others who do annual equipment drives like the Dekalb County Rotary Council drive on August 9 and Henry County on August 16. And #2 ... Chris spoke about FODAC's work recently with WABE's A Closer Look program host Rose Scott. [Listen to his interview by clicking here.](#)

Our Rotary Foundation

Seeing the Forest

by Bob Hagan, District 6900 Rotary Foundation Chair

While we're talking trees, Nassau Sunrise Rotarians and Rotaractors plant mangrove trees at Bonefish Pond National Park in Nassau as part of a project to restore the mangrove ecosystem and help protect the

coast against hurricanes.

Everyone has heard the adage, "You can't see the forest for the trees." It's easy for us to get so caught up in what we are doing and our own projects that we sometimes fail to see how our projects roll up into the big, no really the huge picture of The Rotary Foundation.

Even though we don't yet have the final numbers from last year, the numbers we do have are quite impressive and they are worth sharing with you now. Because of the hard work we all did last year, The Rotary Foundation contributed to funding more than \$88 million in global grants and more than \$28 million in district grants worldwide. It's a great example of how the Rotary Foundation transforms your gifts, changing lives both close to home and abroad. People from around the world are now able to live healthier lives, live in better communities, live in safer spaces and more beautiful places. What we have all accomplished together cannot be understated. Since the establishment of the Foundation more than 100 years ago, it has invested more than \$4 billion in changing lives and sustaining projects. All these point back to our mission: The Rotary Foundation helps Rotary members to advance world understanding, goodwill, and peace by providing quality education, improving the environment, and alleviating poverty.

District 6900 also had a banner year in 2024/25 and just as we are awaiting the worldwide numbers, we are still awaiting the district numbers, though we should see them very soon. What I can share is that both Foundation giving and Polio giving were up this year and that is always good news. We had 19 Global Grants submitted which was a record for the district. In addition, District 6900 contributed over \$69,000 to Zone 34 for Polio Plus. We awarded 59 Community Grants and 7 Competitive Grants. All of this adds up to a very successful year in 2024/25.

Now we look forward to 2025/26. I recently read one of the best quotes I've seen in a while and it's worth sharing here: "Together, we see a world where people unite and take action to create lasting change across the globe, in our communities, and in ourselves." Certainly, the quote fits very nicely with this year's message, "Unite for good."

When we partner with The Rotary Foundation great things happen. Not only do we see it in the numbers, far more importantly, we see it in the faces of the people we serve and that's why we do it. Here's to a new year of Service Above Self! Let's continue to work together to make our Foundation stronger as it reaches greater heights.

If I personally can assist you in any way, please don't hesitate to reach out to me via cell or email.

At Work for Our Rotary Foundation

Crazy - Rotarian's Death Valley Jog for Those Can't

Alert Medicare!

On August 1st, one D6900 Rotarian Lee Hollingsworth (Roswell) is doing something crazy for the Foundation: jogging across Badwater Basin in Death Valley, the lowest, hottest place in North America—at age 70!

What started as a personal challenge has become a mission: To raise \$15,000 for two Rotary causes all of us believe in:

- 50% to PolioPlus - finishing the fight to eradicate polio
- 50% to a Global Grant for Kibeam literacy tools - voice-guided projectors that help K-3 children learn to read in underserved communities

A \$5,000 challenge match has already been committed: conditional on raising an additional \$10,000. There is a \$1,000 minimum Foundation donation, and the donors and THEIR clubs get the credit. It helps Foundation directors meet their PolioPlus and annual fund commitments!

Whether you're an individual Rotarian or a group with a single club, a pledge will directly support this

bold—and hot—effort.

No money is needed today—just your pledge.

“Some run from the heat. I’m running into it—for children that may never run anywhere. To be served the gift of knowledge the way all Rotarians have at one time been led. ” Lee H

Sharing the Story of Our Bob Hope

Bob Hope is known in District 6900 for the annual service trip he leads to Honduras, his work on the 2017 Rotary International Convention, and so much more. He has a long and storied career in public relations, including many years with the Atlanta Braves.

Recently, he shared this story, "A half century ago I regularly joked with Ted Turner that our goal for him was not just getting publicity but to be in the encyclopedia and history books. Encyclopedias have vanished to the internet but he did make history. It never occurred to me that I might become history too. I enjoy the Atlanta History videos in the weekly Saporta Report. Lance Russell does a great job telling stories of our city's past, mostly what happened prior to 1900. This new episode is both surprising and fun. Not sure what I think of his title, but it seems I am history."

As you and your club are making plans and moving forward into the new Rotary year, we hope you will save a spot in your lineup for RYLA. If you've never heard of RYLA, here's a quick introduction:

Rotary Youth Leadership Awards (RYLA) is an intensive training program that targets young adults, ages 15-18, to further develop character and leadership skills and learn about Rotary. RYLA in District 6900 is

a 5-day summer camp experience.

We have the dates all set – June 6-10, 2026 – and the RYLA staff is already hard at work making plans. Our goal is to fill every available spot in the camp so this year we are starting the process sooner in hopes of reaching everyone in plenty of time.

RYLA participants are nominated by local Rotary clubs, and the clubs are responsible for all expenses. For these young adults, RYLA offers the opportunity to build self-confidence, gain exposure to a variety of issues and people, meet active community leaders, and learn valuable information and career skills.

RYLA also benefits Rotarians by giving them the opportunity to mentor promising young leaders serving their own communities and beyond. Rotarians serve as resources for participants on the path to becoming professional and community leaders. In turn, RYLA can bring new energy to a Rotary club and district, inspire ideas for service, increase support of community service projects, and develop future Rotarians.

We can change the lives of 144 students at RYLA and create a positive impact on 144 homes, schools, and communities. To that end, we hope that every club in District 6900 will choose to participate in RYLA this year. You will be hearing from us soon with more details so we can get things rolling!

Americus Creates J. Thurston Clay Memorial Scholarship

For more than four decades, listeners to local Americus radio station WISK/WDEC have been able to immediately recognize the distinct, familiar voice of Thurston Clary. Sadly, that voice has been so terribly missed since his passing on March 9. While a vital part of the radio station, Thurston was equally important to both the Rotary Club of Americus and Georgia Southwestern State University.

To remember their dear friend Thurston, the **Rotary Club of Americus**, in partnership with the GSW Foundation, created the Americus Rotary Club's J. Thurston Clary Memorial Scholarship Endowment. This new scholarship benefits undergraduate students majoring in Music or Communications and Emerging Media now and for generations to come.

This scholarship endowment is established as a lasting tribute to Thurston's love and lifelong service to and support of his community, the Americus Rotary Club, and GSW students. It will be a permanent fund providing scholarships to enrolled undergraduate students with preference given to Southwest Georgia residents and RYLA (Rotary Youth Leadership Awards) students.

Thurston was also very involved in Rotary at the district level as well, having served as Assistant District Governor and Disaster Relief Chair. If anyone would like to contribute to the Americus Rotary Club's J. Thurston Clary Scholarship Endowment, contact the GSW Foundation Inc. at (229) 931-2014. All donations are tax deductible. Checks can be made payable to the GSW Foundation Inc. (Note: J. Thurston

Clary Scholarship in memo) and mailed to P.O. Box 926, Americus, GA, 31709. If you prefer to pay online, visit <https://www.gsw.edu/giving/general-giving>, select "other" for designation, then type in J. Thurston Clary Scholarship in the space provided.

North Cobb Builds Bridges to the Community

The **Rotary Club of North Cobb** is off to a fast start again this Rotary year - building bridges through community projects, socials and a visit with a Rotarian from India.

- Rotarians attended and served dinner for the men in the faith-based program at the Men's Extension located in Marietta. Rotarians prepped food, cutting vegetables, fruit and cooked burgers and hot dogs for over 70 participants. Before dinner, the group prayed together and during dinner, Rotarians, and participants of the program sat together, sharing stories, supporting one another, and building community. Next month, Rotarians will serve food with the women in the program.
- The club partnered with Kennesaw State University students to unload a freight truck and restock the shelves at the pantry for students who need food while studying and learning at KSU. The food is distributed for free for students. New club member Adam Rife joined the service project for the first time, attending in a full suit and still worked diligently to stock shelves. Thanks Adam!
- Several members (including Megan, Nancy P., Lao R., and Charity D.) visited the Marietta City 6th grade school where Scouting America provided a program for over 200 youth. This program was supported by a generous grant from the North Cobb Rotary.
- Club President Jose Gonzalez met with past District Governor Asha Venugopal of District 3030 to discuss Rotary in India and the NCRC! Asha is from the Rotary Club of Nasik Grapecity. Thank you

so much Asha Venugopal for spending time with us! We are super excited to connect with different clubs with the hope to collaborate on future global grants. Sharing Rotary stories and service projects is also a plus. Jose gifted her a club banner and she gave Jose a rotary pin with a peacock and a few spices.

North Fulton Supports NFCC Back to School Efforts

For its first community service project of the new Rotary year, **Rotary Club of North Fulton** organized a back-to-school supply drive for North Fulton Community Charities. The need for financial help in our community has drastically increased over the last year and our members donated funds so that we could purchase exactly what the students need to start the year off right. We were thankful that Sandy Holiday, President of NFCC and her colleague, Sara Spring Weston, were able to join us at our July 22nd meeting to help us organize the supplies and share their appreciation with us as well.

Newnan Welcomes 2025-26 GRSP Student

The **Rotary Club of Newnan** is thrilled to welcome Gabriela Gomezese Rugeles of Colombia as our 2025-26 Georgia Rotary Student Program (GRSP) scholar. Gabriela arrived in Georgia on July 31, marking the beginning of a year that promises to be filled with cultural exchange, academic growth, and meaningful Rotary connections.

At only 18 years old, Gabriela brings with her a world of experience and enthusiasm. Born and raised in Colombia, she grew up in a family that values curiosity, learning, and connection — traits that shine through in everything she does. Whether she's leading school events, creating content for her podcast, or organizing Interact service projects, Gabriela approaches each opportunity with creativity, empathy, and drive.

This fall, Gabriela will begin her studies at the University of West Georgia in Carrollton, where she looks forward to exploring new academic opportunities while immersing herself in campus life. She's excited to share her Colombian culture and make lasting connections with fellow students — all while representing Rotary values in and out of the classroom.

In high school, Gabriela co-founded an Interact Club through her mother's Rotary connections. That club didn't just survive — it thrived. Under her leadership as treasurer and secretary, it grew in membership and impact, reaching communities in need and raising awareness about global challenges like polio. Even after graduation, Gabriela continues to support youth service by mentoring younger students and helping launch a new Interact club. It's clear she lives Rotary's motto: Service Above Self.

Gabriela is also a gifted communicator with a passion for storytelling. She enjoys acting, dance, and film — and runs her own podcast exploring themes of emotion, society, and personal growth. Her dream is to work in the entertainment industry, producing films and content that spark dialogue and understanding across cultures. As she puts it, “Whether behind the scenes or in front of the camera, I want to create stories that bring light to diverse issues and impact communities everywhere.”

Through the GRSP experience, Gabriela is excited to expand her worldview, sharpen her academic focus, and build a network of lifelong friendships. She believes this year will help her grow into a more confident, resilient, and globally minded leader — someone ready to give back not only in Colombia, but to the world.

Please join us in giving Gabriela a warm District 6900 welcome. Let’s make her feel at home here in Georgia — and show her what it means to be a Rotarian, a scholar, and a friend.

Roswell Memorial Day Observances: Honoring with Purpose

Roswell honors veterans during Memorial Day ceremony

Memorial Day observances—distinct from celebrations—hold deep meaning for our communities. When Rotary amplifies the legacy of our fallen heroes, we help strengthen the soul of our neighborhoods.

Roswell Rotary Club's Past President Lynne Lindsay made a powerful impact during Roswell's Memorial Day 2025 outreach by securing coverage from two major broadcast outlets for the 26th Roswell Remembers Memorial Day Ceremony:

- Roswell remembers Memorial Day ceremony | FOX 5 News - Highlights the community's tribute and Rotary's role in educating youth through interactive exhibits. View at <https://youtu.be/vQftsKnRhy8>
- Roswell Remembers Memorial Day 2025 - Captures the solemn gathering at the Faces of War Memorial and the heartfelt reflections shared by attendees. View at <https://www.11alive.com/video/news/local/roswell/roswell-honors-veterans-memorial-day-ceremony/85-225900d4-3616-4c5b-abea-322882923dca>

These features not only honored the fallen but also highlighted Rotary's commitment to civic engagement.

According to Past President Lynne, broadcast reporters and news journalists are always seeking

compelling stories. Reaching out about **three weeks in advance** allows them time to schedule coverage and conduct background research. To maximize engagement:

- Share key details: date, time, location, guest speaker(s), and bios.
- Offer to meet them at the event for personalized interviews.
- Invite them to your club to build deeper connections.
- Emphasize the community impact and significance of your event.
- And always—express sincere gratitude for their time and coverage.

Approximately 3,000 attended this year's event, the largest of its kind in the Southeast.
